I am posting this for a colleague of mine. Please respond
directly to her if anybody has any input:

Mary Verkade, Sr. Technical Support Engineer
verkade@pvi.com
Phone: 209-892-7198

The question:

Does anyone have any WAVE/IDL routines that will allow someone
doing signal processing to calculate Phase Delay and Group Delay
of a signal(s)?

Thanks very much.

Mike Mayer
PVI
