Hi all,

I'm using IDL for my thesis' job.

It's two days since I've been trying without any success to download
.pro from:

/pub/dfanning/outgoing/idl_examples

Can anyone send me colorbar.pro

getimage.pro

ps form.pro

pswindow.pro

parseline.pro

undefine.pro

zimage.pro

vcolorbar.pro

or indicate me a mirror site of ftp.fanning.com?

Thank you.
