Subject: rebin with missing data?
Posted by i001 on Mon, 27 Oct 1997 08:00:00 GMT

Hello,

Does anyone have a routine to resize an array that contains missing data, please? The missing data value us that I use corrupts the real data in the in-built resizing routines.

If anybody has one, I'd be very grateful for it.

Thanks,

Iarla.
