Subject: IDL Programming Techniques Course Full
Posted by davidf on Tue, 04 Nov 1997 08:00:00 GMT

Hi Folks,

I want to thank all of you who responded to my recent
announcement of my IDL Programming Techniques course to
be held Nov 18-21 in Columbia, Maryland.

The course is now completely full and I can accept no more
registrations. I will be keeping a waiting list and a list
of other interested parties. There is a possibility that
I may be able to offer a similar course in January at the
same location.

I plan to offer this course at other regional locations
in 1998, although I have not confirmed locations or dates
as of yet. If you would be interested in attending this or
some other course, please let me know and I will try to
schedule a course in a location near you.

Best Regards,

David
