Subject: Correction to IDL FAQ; wave-mode
Posted by pat on Wed, 04 Aug 1993 13:30:24 GMT

The Gnu Emacs major mode for editing IDL and PV~Wave code has
temporarily vanished from ftp.pvi.com. I corresponded with their sys admin
and they apparently had a disk crash. Not everything has been restored
yet.
 I have placed the current version on my machine. It can be
retrieved at:

 jaameri.gsfc.nasa.gov:pub/idl/wave-mode.shar

I have updated the FAQ to reflect this change.
