Training Consultant

Advanced Visual Systems provides a range of visualization solutions to customers through the integration of leading-edge software tools with application templates, a development environment, run-time licenses, and application development services. We are seeking individuals for the position of Training Consultant. The primary duties and responsibilities of the position include the development and delivery of training courses on existing and future AVS products including the visualization tool and development environment AVS/Express. Additional responsibilities are described at <http://www.avs.com/company/jobs/proserv/trncons.htm>.

This represents a unique opportunity to become involved in a center of growing importance within Advanced Visual Systems. The company is poised for significant growth and success in an expanding graphics and visualization market.

Skills required:

Familiarity and experience with one or more programming languages such as C/C++, FORTRAN, Pascal, Lisp, Scheme.

Good written and oral communication skills.

Interested parties should contact:

Cornelia Davis
300 Fifth Ave.
Waltham, MA 02154
Phone: (410) 418-5653
Fax: (410) 418-5836
Email: [cdavis at avs.com](mailto:cdavis@avs.com)
