Whoops, I wrote:

```
> Well, then. How about something like this:
>
> data = {data1,num:0L,x:0.0,y:0.0,z0.0}
> dataout = Replicate(data, 100000L)
>
> Insert new DATA1 structure into position 98 in the array:
>
> newdata = {DATA1}
> dataout = dataout[0:96, newdata, 97:~]
```

And people who look out for me gently point out that
I meant this:

```
dataout = [dataout[0:96], newdata, dataout[97:~]]
```

Cheers,

David
