Also, I have tried replacing:

```
LD_LIBRARY_PATH="$IDL_DIR/bin/bin.$OS$OSVER$ARCH"
```

with

```
LD_LIBRARY_PATH="$IDL_DIR/bin/bin.$OS$OSVER$ARCH:/usr/i486-linux-libc5/lib/ "
```

in the idl script, and I get a core dump.

Any help would be great.

Thanks.
