WinterDead (winterdead@aol.com) writes:

Well, you need quite a bit of help here. :-)

Let me ask you a few questions.

1. Who the hell are you? Is WinterDead your given name?
2. What kind of computer are you using?
3. What version of IDL?
4. Who set you off on this project so ill-prepared?

With more information, we can probably be more helpful. :-)

Cheers,

David
