Do you mean something like

```
window,0,xsize=1024,ysize=800
for i=0,10 do begin
plot,sin(findgen(200))*i,pos=[0.1,0.1,0.9,0.9]
data=tvrd()
write_gif,'d.gif',data,/multiple
endfor
write_gif,'d.gif',/close
end
```
