Ah, thanks for this, Stein Vidar. I tried STRUCT_ASSIGN the other day because I had heard rumors it was suppose to work with objects, but it failed miserably. Of course, it didn't occur to me to look at the documentation and find out it needed to be done inside an object method. :-)

Cheers,

David

P.S. Let's just say I should pay more attention to those tips that guy Flemming, or whoever he is, writes. :-)
