IDL Community:

The 2nd generation IDL Speed Survey, IDLSpecII, is here!

IDLSpecII fixes many of the problems inherent in the first survey, and adds several new features.

<http://www.astro.cornell.edu/idlspec/is2.html>

Visit this site to read all about it and learn how to enter your system into the survey. If you entered the old survey, please consider re-entering.

Note: IDLSpecII uses a special-purpose email address for automatic entry processing: idlspec@astro.cornell.edu. Please do not mail IS2 results to my address.

Thanks and happy computing.

JD

P.S. As with any debut, this one may have a few glitches. Let me know if you encounter difficulties, or if you have any suggestions.
