"News" <ianek@dds.nl> writes:

(1) replace your `info.vari` by a loop as in:

(2) can't understand how you can define a tag in a structure and have NOT assigned a value to it. If you are running into trouble because you are trying to redefine a structure tag with a different variable type, you could use the SIZE function. E.g. if you only want to reset strings in the above loop:

Hope this helps somewhat,
Martin
