Oh yes: Cheerios are the cereal! Corn Flakes are nice, too, but nothing  
compared to these little donut shaped unsweetened crispy things (lucky  
I've had breakfast already ;-). True: the chocolate is really worth going  
(back) to Germany -- although you can get Lindt in the States as well  
now (at least on the East Coast).

David: if you're coming next summer - will you stop by in Hamburg?

Best regards,  
Martin
