I put an updated version of plotconfig on http://gammaray.msfc.nasa.gov/~mallozzi/home/software/idl/sr c/plotconfig.pro

Hopefully I've added a few of the bits and pieces you wanted. I added {X|Y}STYLE, {X|Y}MARGIN, and SYMSIZE settings. The widget is getting very large though, it's almost too big to be called a "dialog widget" anymore :-)
