I wrote earlier today:

> I don't think there is anything wrong with \*your\* code.  
> I believe you have discovered a bug in the IDLgrROI  
> code. :-)

RSI confirms my suspicion. Here is the message

I received late today:

> Yes, this is a bug in 5.3. But, it has been fixed and  
> will be released with 5.4. Essentially, the xcoord\_conv,  
> etc. keywords are being ignored which is why the roi  
> is not being drawn correctly.

Cheers,

David
