Subject: table widget?
Posted by stl on Wed, 30 Mar 1994 10:36:22 GMT

Hi,

I asked about this 1 day ago, but I forgot to mention that am using IDL
running on a sparc 10.

So once again, has anyone built a table widget (a compound widget) for
IDL. I am just starting to build one and want to know if I could save
myself a little time.

 thanks a bunch,

 stephen Strebel
