Hi,

this is a useful tool developed at the Central Institute for Applied
Mathematics (ZAM) at the Forschungszentrum Jülich

<http://www.fz-juelich.de/zam/nassi/>

The beta 1.3b is able to parse idl code too.

Description:

http://www.fz-juelich.de/zam/docs/tki/tki_html/t0305/t0305.html
