Hi!

Who knows a compile_opt option to copy an array with the last dimension
1 ?

e.g.

```
IDL> a=reform(make_array(4,3),4,3,1)
IDL> help,a
A          FLOAT    = Array[4, 3, 1]
```

now copy the variable

```
IDL> b=a
IDL> help,b
B          FLOAT    = Array[4, 3]
```

the last dimension is missing!

At the moment I am using a function like this.

```
FUNCTION arr_copy,value
  sz=SIZE(value,/dim)
  RETURN,REFORM(value,sz)
END
```

regards
Reimar
