% ldd /usr/local/rsi/idl/bin/bin.linux.x86/idl_lmgrd
      libc.so.5 => /usr/i486-linux-libc5/lib/libc.so.5 (0x4000d000)

% rpm -qf /usr/i486-linux-libc5/lib/libc.so.5.3.12
libc-5.3.12-31

idl_lmgrd needs the compatibility library.
