We have a tool in our library which may be the one you are looking for:

http://www.fz-juelich.de/icg/icg1/idl_icglib/idl_source/idl_html/dbase/download/number_format.tar.gz

Or take this routine to find the format which was used:

http://www.fz-juelich.de/icg/icg1/idl_icglib/idl_source/idl_html/dbase/download/find_form.tar.gz

For further routines and licensing please look at
