Subject: Trouble Reading New GE DICOM 3 part 10 file
Posted by John Doty Newell Jr on Mon, 30 Apr 2001 00:14:56 GMT

Hello,

I have a call into RSI/Kodak to see why I cannot read in a DICOM file from
GE CT scanner. The UID is one that RSI supports, but the file does not show
up in the File Dialog Box when you try to go and select it. Does anyone
have experience with a similar issue, and is there a solution?

thanks, John Newell
