Ummm, I couldn't really tell what I was supposed to see so I attached a gif of the result
(JD_button.gif). Background was gray. Button was gray. Is this a case of "appearing" to
blend in?
IDL> print, !version
{ x86 linux unix 5.4.1 Jan 16 2001
                                    32
                                          32}
