Hi Folks,

I was waiting for my coffee water to boil so I thought I would take a quick look at the ol' book bidness on Amazon to see how I was doing.

Yikes! 7924th most popular book! I mean, this is like Kurt Vonnegut territory!

Despite the fact that there **has** to be something wrong with these numbers (or Oprah would have already called, I'm sure), I wanted to alert you that Amazon is offering a special deal. Get both Liam's and my book and save an additional 5%. What a deal!

Bogus numbers or not, I just wanted to let you know (again) how much I appreciate everyone who has bought a book. It is very, very encouraging (if you take my meaning).

Best Regards,

David
