Believe it or not that's what was done (not by me though). And the perpetrators were even logged in as "root" so there was no "are you sure?" message. lordy lordy lordy. I believe it may have even been related to an early IDL installation (circa 3.5 or 3.6)

> kick it!!!

Oh, it got kicked. There were a number a sore toes and bums after that happened. Luckily I was simply watching from the sidelines with my recent DAT tape backups in hand..... :o)
