There will be an IDL User's group meeting on Monday evening September 26 at 20:30 - 22:00 as part of the 4th annual Astronomical Data Analysis Software and Systems (ADASS) Conference to be held at the Omni Inner Harbor Hotel in Baltimore, Maryland. David Stern of Research Systems Inc. will speak on "What's New with IDL". There may also be several short talks about applications of IDL in astronomy

Further information about the ADASS conference can be obtained from the WWW home page

<http://ra.stsci.edu/ADASS.html>

For further information about the IDL Users group session, or to volunteer to give a short talk (which may be an oral presentation of a poster session) please contact me directly
