Subject: RGB image Posted by Dominik[1] on Thu, 10 Jan 2002 18:05:35 GMT View Forum Message <> Reply to Message

Hi there,

I tried a lot of thinks to display an RGB picture. It is in an array pic[3, 100, 100] with the 3 color channels and the size 100 square 100. Does somebody know a posibility to draw this 3 channels in one picture like an real RGB picture. Help would be very nice.

Dom
