Hi,

I have problems accessing data over a relative paths.

```
$ ls ../../../../data/mo_output/modell_original_output/test.dat  
gives ../../../../data/mo_output/modell_original_output/test.dat  
  
print,file_test('../../../../data/mo_output/modell_original_output/test.dat')  
0
```

Is there a work around known?

Reimar
