: Dear IDL Buffs,

: Given a complex, Hermitian, square matrix I am after a routine that will  
: calculate the eigenvalues and eigenvectors. I cannot find such a routine  
: in the 'HELP'. If anyone has such a routine I would be glad to hear from  
: them.

I can do it (in parallel even!) on a Sun with a commercial package. Email  
to [Mike.Boucher@scisoft.com](mailto:Mike.Boucher@scisoft.com) if Sun is your platform, otherwise good luck.
