There were a couple of little things about my example program this morning that continued to annoy me, so I put a little more elaborate example of a solution for only drawing the contours that appear over land on my web page. You can find it here, if you are interested:

[http://www.dfanning.com/tip\\_examples/map\\_on\\_land.pro](http://www.dfanning.com/tip_examples/map_on_land.pro)

Cheers,

David
