Thanks Peter for responding to the question regarding the IDL RT.

I welcome useful input from the vendors in comp.lang.idl-pvwave, it really is the responsibility of RSI and VNI, IMHO, to post responses to the tough questions that are not responded to by the participants in this news group.

Maybe it's not a place to market products (yet-), but the presence of both RSI and VNI in a news group that is geared directly toward their products is much different than posts in something an advertisement in sci.xxxx.

Just my thoughts-
