Humm. That would be news to me and probably a number
of other authors who thought it worked pretty darn
well. :-(

Maybe you should have a look at some of these PostScript
tips:

At the risk of stating the obvious, it's not, well, PostScript. :-)

By the way, are you talking about the same CGM format that
was state-of-the-art in the 1970's?

Cheers,

David
