Last time I looked, this was the best (maybe only) example I found:

[http://wikyonos.seos.uvic.ca/people/stone/cmg\\_idl\\_lib/pie.pr o](http://wikyonos.seos.uvic.ca/people/stone/cmg_idl_lib/pie.pr o)

As to whether it's great looking... beauty is surely in the eye of the beholder.

P.S. a google search for "IDL pie charts" also includes this link:
