Hi all,

after collecting almost 6 months of working experience with IDL at UWA, my time has come to go back home. Unfortunately the world has to life without my IDL skills.

Thus I want to thank you for all your help, the tips and tricks.

This newsgroup was an important part of my project and I'm sure I couldn't achieve the results without you guys.

Keep it up! This is by far the friendliest newsgroup I've seen with so many people who really know what they're doing :)

Cya,
Tom
