We could start by making it possible to specify the
length of minor tick marks, for God's sake!

> 2) A book on object which is easy to understand. E.g. after reading about 10

Didn't RSI have a product like this? Dropped now, I guess.
No one bought it. :-(

> Out to lunch or possible?

Oh, you might get a book. Sooner or later. :-)

Cheers,

David
