Job Title: Entry Level Quality Assurance Test Engineers

We are currently seeking 3 entry level test engineers to join our Quality Assurance Team in testing IDL. These are temporary positions (full- time, but negotiable). The testers will be responsible for following a test plan, setting up and executing tests, and creating and maintaining entries in a problem tracking database. In addition, the candidates may develop and implement new test procedures.

Required Minimum Skills and Qualifications:

- *A minimum of 6 months experience as a test engineer.
- *Experience with UNIX and Windows systems.
- *The ability to learn new technologies rapidly.
- *Excellent oral and written communication skills.
- *Must be able to participate in a team environment and communicate effectively.

Desired Qualifications:

- *A working knowledge of IDL.

How to Apply for a Position:

Send your resume and a cover letter to:

Human Resources
Research Systems, Inc.
4990 Pearl East Circle
Boulder, CO 80301
U.S.A.

Tel: 303-786-9900
Fax: 303-786-9909
Email: jobs@rsinc.com

If you send your resume as an email attachment, please be sure to properly encode the file so that it won't get corrupted during transfer. (We can accept attachments in plain text, MS-Word, and Adobe Acrobat PDF file formats.)
