Subject: widget_button

Posted by y0000283 on Wed, 15 Mar 1995 09:56:01 GMT

hi all,

anybody familiar with programming widgets? i do have a problem with
the widget_button procedure. i tried to apply a custom size to the
buttons by using the xsize and the ysize keyword but the size of the
buttons would not change. does anybody know why?

please reply by personal e-mail. thanx for helping...
