VISUAL NUMERICS, INC.

Visual Numerics, Inc (VNI) is a leading developer of Visual Data Analysis products and Application Development Tools with offices in Boulder, CO and Houston, TX. We currently have the following opportunity at our Boulder facility:

Sr. Pre-Sales Technical Support Engineer

VNI is seeking a talented technical professional who enjoys working with customers to solve problems. A Pre-Sales Technical Support Engineer is responsible for providing technical assistance for our PV-WAVE products to account representatives, customers and prospects. Candidates must have excellent presentation and communication skills, computer programming experience, a bachelor's degree in a technical discipline and a willingness to travel. The position requires proficiency in UNIX and C programming. Experience with any of the following is a plus: PV-WAVE (or IDL), X Windows or Motif development, Windows or Windows NT development, C++, FORTRAN or OpenVMS. If interested, please send, FAX or e-mail your resume (no telephone calls please) to:

Visual Numerics, Inc. ATTN: Human Resources 6230 Lookout Road Boulder, CO 80301

FAX: (303) 530-9329

e-mail: krejcik@boulder.vni.com

Please reference job code 95-046R-NG in all correspondence.
