As I travel lately, I have become increasingly aware of what a melting pot America is. This is certainly the best part of America, and it made a recent trip to New York City unbelievably exciting.

But as I grow older (and perhaps as my hearing becomes less acute), I find that I am increasingly baffled at conversations with security guards, cab drivers, cashiers, anyone working in a fast food restaurant, and -- yes, even with teenagers. What language are these people speaking!?

And now the newsgroup. Sigh... :-(

Cheers,

David
