Folks,

OK, I've looked this up for the last time! I'm writing it down. I just want to be sure I'm right about this.

Pixel-interleaved image: BIP: 3-m-n.

Row-interleaved image: BIL: m-3-n.

Band-interleaved image: BSQ: m-n-3.

And,

m = column = sample

n = row = line

3 = dim = band

Does that look right to you? :-(

Cheers,

David
