Subject: Fuzzy classification Posted by joao.antunes on Fri, 14 May 2004 15:34:29 GMT View Forum Message <> Reply to Message

Hello,

I am looking for an IDL implementation of the fuzzy c-means (FCM) clustering algorithm and fuzzy maximum likelihood algorithm (FML) to classication of satellite images. The resulted cluster centers obtained by the FCM algorithm from the first step are input into the FML algorithm.

Any help would be greatly appreciated.

Thanks in advance.

Joao.
