Subject: convert bitmap into image Posted by adharac on Fri, 11 Jun 2004 21:36:39 GMT View Forum Message <> Reply to Message

Dear All,

I have several files consisting of a bitmap with black and white pixels (0, 255). Is there a way to transform these grids of 255s and 0s into black and white images, all in the same run, preferably..

Regards, Adhara
