Dear Thomas

please have a look on map_set
to setup and plot the map.,

Afterwards you could use plot to draw the line at this coordinates.

If you are intereseted in examples from our plot library you see some here

http://www.fz-juelich.de/icg/icg-i/idl_icglib/idl_source/idl_html/idl_work_idl_work.examples.category.htm

The library itselfs you'll find here

http://www.fz-juelich.de/icg/icg-i/idl_icglib/idl_lib_intro.html

regards
Reimar
