Actually, the directory is idl_emacs.

Specifically, use anonymous FTP to fermi.jhuapl.edu, cd to idl_emacs,
and you will find the files idl-shell.el and idl.el in that directory.

Or via the WEB:

ftp://fermi.jhuapl.edu/pub/idl_emacs

Chris

P.S. idl-shell.el is at version 1.20 and idl.el is at version 1.17.
