I'm trying to create a plot with a fixed YRANGE for YAxis=0 and a self scaling range incorporating /YNOZERO for YAxis=1. Here is the code:

```
PLOT, TIME, DATA.TEMP1, COLOR=0, /NODATA, YRANGE=[30,45], YSTYLE=8
OPlot, TIME, DATA.TEMP1, COLOR=1
AXIS, YAxis=1, /YNOZERO, /Save
OPlot, TIME, DATA.TEMP2, COLOR=2
```

The above code produces a YAxis=1 that is the same scale as YAxis=0. The only way I'm able to get YAxis=1 to a scale different than YAxis=0 is to explicitly set the range.

Gary
