Subject: iTool Challenge Quiz Posted by David Fanning on Fri, 06 May 2005 03:55:54 GMT View Forum Message <> Reply to Message

Folks,

Well, I just took the iTools Challenge Quiz. It took me nearly an hour because...well, it wasn't timed and I wanted to be sure of my answers. I really want that T-shirt!

So, I submit my answers and guess what: every one of them marked incorrect!!! I don't think so!

I think I must have really pissed somebody off at RSI and my name is written on the wall there. Is there anyone who isn't interested in a T-shirt who would allow me to log in under their name and take the quiz? I'm really, really desperate. :-)

Cheers,

David

P.S. Let's just say even someone who doesn't like iTools is likely to get ONE right answer, just by chance!
