Subject: IDL Course in Munich

Posted by David Fanning on Mon, 30 May 2005 13:02:54 GMT

Folks,

I will be teaching a three-day IDL course in Munich on June 27-29.
Please see my web page or contact me via e-mail (david@dfanning.com)
for details.

Cheers,

David

P.S. I spent the weekend (when I wasn't ogling the
nude sunbathers in the Englischer Garten) working up
a Cascading Style Sheet for my new series of travel stories.
So I am nearly ready to go. I've been collecting material.
Now for time to write amidst all the work that has to be
done around here!
