Thank you Dr.Fanning. I think the following code is the demo\_draw module  
the previous programmer used. I think this is the one:

[http://funk.on.br/rguiimara/RSI/IDL54/examples/demo/demosrc/demo\\_draw.pro](http://funk.on.br/rguiimara/RSI/IDL54/examples/demo/demosrc/demo_draw.pro)

Thanks for your help.
