> 1) If the number 123.4567 is entered then the number displayed should be

> 321.7654

if number eq 123.4567 then print, '321.7654'

or, if you prefer to have the vowels removed:

f nmbr q 123.4567 thn prt, '321.7654'

:)
