Hi,...

I am getting into IDL and I'd like to plot some data that I have.

The files are called m_010103 where the numbers are ddmmyy, I have a whole year data:

the data looks like; 00:10:10 3.2 4.5 2.4 xxx xxx xxx,

I'd like to read all the data and plot them, how can I do it?

cheers
